- Technologies: JavaScript, HTML5, CSS, jQuery, Materialize, AJAX, APIs
Website: <https://srobfillingim.github.io/Project1Group4/>
GitHub: <https://github.com/srobfillingim/Project1Group4>

WORK EXPERIENCE

CAPITAL ONE | CHIEF OF STAFF

SAN FRANCISCO, CA / REMOTE

2015 - PRESENT

- Manage labor strategy, accounting for eight technology towers, 80+ scrum teams, and 500+ associates across multiple offices and locations to achieve staffing and budget targets.
- Partner with senior leadership team to define shared goals and OKRs to deliver high priority initiatives for our stakeholders.

MONSOON COMPANY | OPERATIONS MANAGER

OAKLAND, CA

2014 - 2015

- Vetted and staffed full-sized teams including UX/UI designers, web and mobile developers, and product managers to ensure client needs were met by project deadline.
- Contributed to the rapid growth of the firm by doubling the number of associates from 25 to 50, cutting recruiting agency spend by 100%.
